Think about oxygen.

You can't see it,

You can't feel it,

You can't smell it,

You can't taste it.

No one can live

Without it though,

And it's everywhere.

Melissa,
We didn't really
get to know each
other this year. I hope
we can become better
friends next year. If you're
going to Rosevik Beach
gym on July 1st I will probably
see you there. Me and Carlos
are going to be at the KOA
campground. See you there

This year the seniors picked as "Most Likely To Succeed" were Rebecca Hodde and Mike Bacich. When asked how they felt about receiving this superlative they replied "We were honored." (Mike didn't think he'd get it. Can you believe this guy?) Both plan on going to college in the future. Rebecca wants to travel the world and study international relations, and Mike wants go go to pre-med school and become a doctor or lawyer.

Both seniors agreed that one of the strongest motivations anyone can receive is the kind you give yourself, but those around you can also offer some influence.

To the both of them, being successful means setting one's own personal goals, and then striving to achieve them.

Our most athletic seniors are Bob Nordbeck and Ann Amatulli. They both felt honored at this award. Bob's sport is football and Ann's is softball, although they both participate in all sports. Bob has won the All-league Football Award Sophomore and Junior year. In basketball he was most improved player, and in baseball most valuable player. Ann has won the most improved player in volleyball.

N.D. seniors Angela Armendariz and Scott Brown were voted the class of 85's two best dressed students. Angela doesn't dress in any one particular style, but wears what is appealing to her. When shopping, Angela looks for the "classy, distinguished" outfit rather than the latest trends. Scott's style is the "preppie" look and he too stays away from the latest fads. Both Angela and Scott agree on "dressing for success" because they feel it sets a positive mood for each day.

This year's most studious seniors are Ahmed Abd-Allah and Mary Stollenwerk. Both are ranked in the top 5 of the class. Their academic excellence is obvious in their being honored by the National Merit Scholarship Program and in their admission to UCR's HSUP, but they are not confined to just book-learning. Ahmed has not only been active in the College Bowl, but in the FHS and CSF. Similairly, both have been involved in with track. In her 4 years, Mary, along with CSF membership, has been involved with the Musical, and in her last 2 years, the Yearbook. Beyond these achievements, both seniors admit to having skipped at least one grade, and they intend to use this extra time to further their education, and after that, to take on the world.

Who else could be our most attractive seniors but Bob Fry and April Frost.

Bob said he was shocked that he was voted most attractive guy. April said he was really surprised. Neither of them thought they would win! Bob is interested in art and skiing. April likes horseback riding and dancing.

This year's most friendly are none other than Lisa Pisciteli and Patrick O'Reilly! Both Lisa and Pat really enjoy seeing others happy. "It is important for everyone to smile because it gives people a good feeling and brightens their day." says Lisa. "By being friendly and having a good attitude it will get you a long way in life." Pat exclaimed. When interviewed I asked Lisa and Pat what was their favorite thing about the senior class. They both answered "spirit!" and said how proud they were to be part of it!

This years most popular girl and guy are David Reynolds and Monica Gutierrez. Monica felt very flattered. She took it as a super-big compliment. David felt it was a big privelidge . . . They both felt that what makes a person popular is just being themselves and being everyone's friend. David's interests are football, grades, and lizards. Monica's been involved in student council and songleading.

This year's senior sweethearts are Shawn Sheehan and Erika Saldana. What Erika likes best about Shawn is that he is really thoughtful about her feelings. Shawn says Erika has a great sense of humor. They have been together for over a year and they both feel what makes a relationship last is trust.

Spirit Week 84-85

Spirit Week started on Monday with Hollywood Day which was sponsored by the Juniors. On Tuesday the Freshmen sponsored Story Book Day. Wednesday was the peak of spirit week with Nerd Day sponsored by the Sophomores. Seniors were glad when Thursday rolled around because they sponsored Occupation Day and a pie eating contest at lunch.

Homecoming 84-85

The Homecoming festivities started on Thursday where students gathered in the gym for a pep rally and the introduction of the princesses. During the pep rally the seniors and sophomores battled but tied for the spirit stick given by the cheerleaders.

On Friday, there was the traditional float parade leading to R.C.C. That night, the N.D. football team played against Banning but lost in the closely fought game. After the game all was well again at the enthusiastic Homecoming dance held at the Riverside Municipal Auditorium.

The Christmas Ball was sponsored by the Senior Class. This year their theme was "Walking In a Winter Wonderland."

The gym was decorated with a 15-foot Christmas tree and balloons. The dance floor was spectacularly decorative.

The smiling faces and excitement really made the Christmas Ball a true success. Everyone who went was pleased with coming to the dance. The biggest event of the Christmas Ball was the announcement of the Duke and Duchess of each class; the Dukes and Duchesses of each class were crowned with Santa caps; they were:

Freshmen — Carlos Padilla and Cindy Braley.

Sophomores — Matt Navigato and Sharon Fitzpatrick.

Juniors — Gabe Cecchini and Daveena Harrison.

Seniors — Scotty Brown and Natalie Johnson.

The Christmas Ball was an event the no one will ever forget!

A typical dance pose.

Let's Boogie!

Sadie Hawkins

The Sadie Hawkins Dance is based on "Sadie Hawkins Day" from the musical 'Lil Abner'. The basic idea is, instead of waiting for a boy to ask them, girls could ask their favorite guys to the dance. However, many students went by themselves for a night of dancing, conversation, and fun. This time around the Sophomore class sponsored the dance. This year's dance had some new and unique activities on the agenda: a jail for couples caught kissing which required fifty cents for bail, and fake marriages perfomed by Mr. Ross disguised as a priest, complete with a license and ring. The dress was Western and the gym was decorated with bales of hay to create a "down home" look. The Sadie Hawkins Dance is definitely one to remember.

Basketball Homecoming

The 1984-85 Basketball Homecoming on February 15 was a great success! Its festivities included the assembly in which the princes and their escorts were announced, the basketball game against Banning, and of course the Homecoming Dance where the name of this year's King; Patrick O'Reilly was announced to all. The basketball game itself was most exciting. All players demonstrated great team sportsmanship; especially when the game was lost to Banning by one point!!

Assemblies

Assemblies at Notre Dame ignite spirit and show the different teams just how important they are. Assemblies are a time when students gather together and express their spirit in positive ways, while competing for the spirit stick. It is through the hard work of the Notre Dame cheerleaders, flag, mascot ans songleaders that these assemblies come to be.

The flag in action.

Bye Bye Birdie

Yes, to the amazement of many, it was true. Conrad Birdie (Michael Bacich), after a meteroic rise to rock stardom, was drafted. After two weeks he went into the army, assuming a new role as a patriotic American. Birdie's manager Albert J. Peterson (Greg Anderson) of Almaelou Music Company, LTD denied that he appealed the summons and stated that Birdie was "a healthy American Boy, ready and willing to enter the service." Rose Alvarez (Monica Gutierrez) Peterson's secretary and fiancee, and Mrs. Mae Peterson, (Kelly Ryan) Peterson's mother, who were also connected with this decision, were not availiable for comment. Peterson then unveiled plans for a final publicity push destined to make Birdie "the hottest soldier since Joan of Arc." Birdie gave his *One Last Kiss* to one of his adoring fans, Kim MacAfee (Jeanine Rash), on the Ed Sullivan Show, thus promoting his final song of the same name. Kim's parents, Harry (Fred Gardner) and Doris MacAfee (Mary Stollenwerk) as well as her brother Randolph (Barry Kent) appeared on the show with her. Hugo Peabody, (Matt Navigato) Kim's steady had expressed his disapproval of the operation, and he was willing to take drastic physical action to prevent the fateful kiss from taking place. All of this was decided, with a classic happy ending resulting, on Feb. 8th and 9th, mostly due to the guidance of Shirley Handel Vanderlinde, our director, Abbey Dickey, our musical director, Robin Speer our choreographer, Linda Tirabassi, our producer and stage manager, and Teri Scarano, our Technical Director.

Technical Staff

Once again in the wake of a wonderful production of the musical, we must look back and realize that without the support of our technical staff, it all would have been impossible. It hardly seems fair that these people who work so hard behind the curtain so that the actors can look good, never get recognition in a curtain call. This is now their time to shine, all the responsible members: sets, props, lighting, sound, make-up, and wardrobe crews. Thank you all so much!

Spanish Club

The Spanish club was a new organization initiated in the 1984-1985 school year. In this short time it has become especially successful. The members are all learning and having a great time. Sharing the Spanish language, the club is a cultural experience for all Spanish levels. Club members participate in some very exciting excursions and dinners.

Foreign Exchange Students

Ligia De La Barra is 18 years of age and from Bolivia, South America. Her curiosity of the American culture prompted her visit to the United States. Ligia enjoyed N.D.'s spirit week because at her high school in Bolivia it was strictly study from Monday through Friday. Ligia's favorite American food is the hamburgers at Carl's Junior! Ligia will be returning to Bolivia in June and then resume to her college courses.

Rocio Fernandez, a 17 year old Senior this year at N.D. comes from Mexico City, Mexico. She enjoys Notre Dame very much and especially likes the friendliness of the students here. Rocio plans to attend college in the U.S. and then return to Mexico City sometime in the future.

Our third foreign student attending Notre Dame is 17 years old and also a Senior. Deviana's decision to come to America was because of her interest in computers. Diviana comes from Indonesia where the knowledge in computers is not as far advanced as in the United States. Deviana really appreciates the spirit of the pep assemblies at N.D. because in Indonesia the schools do not have the same type of student orientated assemblies. Deviana plans to attend a Cal State college to get a Master's Degree in computers. Afterwards she plans to return to Indonesia to be with her family.

Ski Club

A club members hitting the slopes.

Mike Schmardebeck about to embark on his skiing venture.

Ski Club 1984-85.

After a considerable absence the Notre Dame Ski Club was reestablished in 1984. Ski Club has proven to be one of the most popular clubs at N.D. Like all clubs and organizations Ski Club gives members the opportunity to have new experiences and make new friends.

Credit should be given to Ski Club's moderators, Mr. Charpentier and Miss Shulte whose enthusiasm and dedication has made Ski Club an overwhelming success. We hope the Ski Club will be a part of N.D.H.S. for a long time to come.

Underclassmen

Juniors

Juniors are a rare breed. At first, they seem an unprepossessing lot, clad in neons and trendy clothes, but upon closer inspection, good signs begin to show. Despite disagreements among themselves, whenever the whole is challenged, be it at a Pep Rally or in a float competition, they unite to act as one. In these cooperative endeavors, they never leave anything half-done, rather, it is accomplished in elegant style. This is truly shown in this year's Prom at the Disneyland Hotel, and when the going gets tough, they really get going. Yet they manage never to lose sight of the happier side of things. They excel mentally, and challenge the system to equal their new visions. In depth of soul and reflection, they are elegant examples of they new, true, quality of mankind.

The spirit touched all the Juniors, with the blessing of their class rings.

Romance bloomed for all at the Christmas Ball.

A prize-winning nerd stands up for his class.

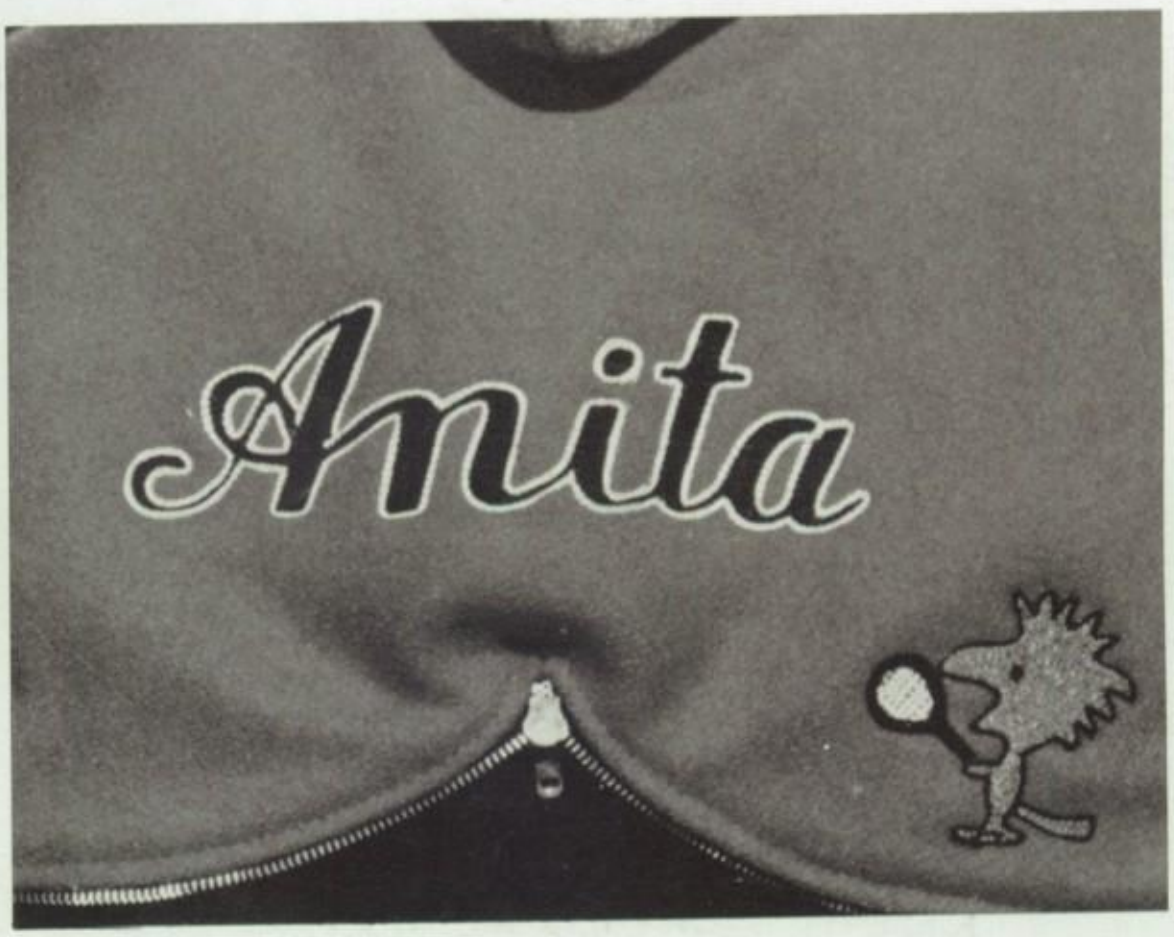
New dress code, Laurie?

The key word, Juniors, is enthusiasm!

Another triumphant Junior who has survived his classes.



Hey, Anita, you're famous! (again!)

Sophomores

"What are you doing?"

This year's Sophomore class was an awesome one. The Sophomores, who take on anything with talent and energy, did their best in all classes this year.

The Sophomores tackled their subjects with new teachers in Religion, English, and Biology. Mr. Martinez is the new and exciting english teacher. In Religion, Mr. Ross was interesting and with Mr. Meade, Biology was memorable. Also in Geometry the Sophomores got to know the energetic Mr. McGowan. Congratulations Class of 87.

FACULTY LOUNGE

Faculty

Fr. Walter Wilczek

This is my third year as principal of Notre Dame and there is no doubt that this is the best of years. Here we learn, we serve, we relate to each other as children of God, and we take time to pray together while we seek God's truth and live his love. None of this would be possible without the effervescent good will of N.D. students. I am humbly grateful to God for sending me to this campus and allowing me to share and experience your growing goodness.

Mr. Tom Heding

I was born in Milwaukee, Wis. I spent twelve years with the Divine Word Missionaries and trained as a teacher (History, Social Studies, and Humanities.) Came to Riverside and Notre Dame in 1974. I served as Social Studies teacher, Department Chairperson and presently am Assistant Principal. My educational background includes under-graduate work from Divine Word College (Iowa); graduate work completed at Cal-State San Bernardino (Educ. Administration); and presently I am doing post-graduate work at Loyola Marymount Univ.

Mrs. Joyce McCorkle

Secretarial degree — Eastern Michigan College of Commerce. Married with three grown children (beautiful grandchildren!!!) Hobbies — keeping Notre Dame students happy — (and I love that hobby) sewing and crafts.

Jan Rogers

This is my second year at Notre Dame. I graduated from the University of Arizona with an AA in business administration. I am married with two sons. My hobbies include snow skiing and arts and crafts.

Adminstration

Sr. Anne Murray

I entered the Mercy Convent some thirty years ago. The years before my entrance were spent in Mulliugar, where I received my grade school education. I chose a college staffed by the Mercy Sisters and entered with them five years later. I received my B.A. and credential from the University of San Diego and my M.A. some years later from the University of San Francisco. I have been Attendance Director at Notre Dame for over a year. It is a joy and a challenge.

Sr. Joan Kirkpatrick

I am a proud native of Colorado. I attended St. Mary-of-the-Woods College in Indiana where I majored in math and minored in physics. I taught high school in San Francisco for a year before entering the Congregation of the Sisters of Providence at St. Mary's. My work here at Notre Dame is enjoyable, challenging, and the people are great!!

Mrs. Sheila Thomas

This is my second year here at Notre Dame. In my spare time, I like horseback riding, swimming, and art.

Mrs. Sheila Jimenez

I graduated from the University of St. Joseph in Philadelphia with a B.S. in education. This is my 21st year in Catholic education and my 4th year at Notre Dame. I love Notre Dame and look on the students as the cream of the crop.

Mrs. Sophie O. de Galbis

I was born in Lausanne, Switzerland and my hometown is now Riverside. I was previously employed at St. Mary's Catholic H.S. in Maine and later at the University of Maine, both places working in the library. I have attended schools and colleges in Paris & Spain. Married and I have four children.

Mr. Vern Swigart

I like the environment here at Notre Dame. The students are easy to get along with as well as the faculty members. I enjoy working here.

Mrs. Natalie Ramirez

I have been at Notre Dame working as bookstore manager for the past two years. I really enjoy the work I do and with the one advantage of being around the students.

Mr. Ramon Diaz

Counseling

Mrs. Barbara Tyra

This is my third year at Notre Dame. I graduated from the University of Houston with a Bachelors in psychology and went on to get my Master's in education. Upon arriving in California, I attended Cal State San Bernardino and received my Pupil Personnel Credential. On campus I enjoy acting as moderator for the Soccer Club and being Admissions Coordinator. During my free time I enjoy bicycling swimming or just relaxing.

Mrs. Jo-Anne Shaeffer

I graduated from California State University Fullerton with a B.A. in psychology and a M.S. in counseling. This is my second year here at Notre Dame.

I am currently acting as CSF advisor/moderator. My hobbies include camping, water skiing, relaxing in the mountains and needlepoint.

Mr. Kevin Summerfield

This is my fourth year at Notre Dame. Before becoming Campus Minister I taught Sophomore Religion. I am married and have three children. I studied history at Cal State San Bernardino and received a Master of Arts Degree at Loyola Marymount University.

Religion

Mr. Rene Cardenas

Born in San Antonio, Texas and taught high school in Dallas & Houston before coming to N.D. where I am beginning my fourth year. I am married with two children. I hold a B.A. in philosophy from the Univ. of Dallas and a M.A. in religious education from the Univ. of St. Thomas. Currently I'm a Ph.D candidate and most importantly I bleed "Dallas Cowboy metallic blue and dorian grey!!"

Mrs. Marie Acosta

Being Religion department chairperson has been a most enjoyable experience because our department has been able to work with Campus Ministry in a united team effort. At the present time we have created a task force to design a three-year plan for meeting the religious education needs at N.D.

During my four years at N.D. I have discovered that "growing" a healthy Senior religion class takes much the same effort and love as my garden at home. Twenty-five years of catechetical work and an M.A. in Theology gave me many helpful tools to use with the bright and eager seniors. May the Lord keep us all growing in his ways. Love you.

Mr. Leonard Ross

For the past four years I have been working with the Newman apostolate as a campus lay minister at C.S.U.F. I also had been active in a number of debates, lectures, and Bible studies on the college level. I was born in Los Angeles and presently live in Orange County. I am presently working on a M.A. in Religious education.

Mrs. Sharon Seitz

Hailing from the Hoosier state of Indiana, I have been in California for twenty-five years. Among my passions in life are my son Patrick, my friends, and working on crafts. This is my second year teaching freshman religion at Notre Dame.

Social Studies

Mr. David Sheeler

I am a native of Eastern Pennsylvania. I graduated from Kutztown State University with a Bachelor of Science degree in secondary education, Social Studies, concentrating in History. Having accepted my first teaching position in California, I moved here in 1980 and have been teaching in this state for five years. I am presently pursuing my Masters Degree in school administration at Cal State Fullerton and plan to graduate in 1986. When not teaching I enjoy most water sports and traveling. I have thoroughly enjoyed my two years of teaching at Notre Dame High School.

Mr. James Himelhoch

The greatest resource at Notre Dame is its people. We take the time to see the good in others and ourselves. This campus is teaming with opportunity. Unfortunately some of it is missed, but we keep moving ahead. There's a great spirit to try to overcome obstacles and not become discouraged when the world doesn't go your way. The students and teachers believe in themselves and the goodness that comes from that belief provides a bond that is unique in today's world. My best wishes to the Seniors — the best is yet to come.

B.A., CSULB; M.A., CSUSB; SSC, CSCSB; ASC, CSUSB; SUM SCH DIR; DEPT CHR., SOC SCI; ADW COMM CHR; SEN DIN COMM. Thanks mom and dad.

Ms. Carol Tucker

I received a B.A. and B.S. in History and German from Eastern Michigan University. (Where is that?) Having migrated to California from Wisconsin, I have spent the past two years wondering . . . is it winter yet? I am an avid Green Bay Packer fan — through thick and thin. I enjoy cross-country skiing, running, and being snowed in. At times, I have a chance to make quilts and bake bread. Escape to Wisconsin.

Mrs. Kelli Favela

This is my fourth year at N.D. I graduated from Cal Poly Pomona and currently am working on my Master's. I teach Soc. Studies and am pep squad advisor.

English

Mr. Charles Martinez

Born and raised in Hollywood and North Hollywood I attended Notre Dame high school in Sherman Oaks. I graduated from Notre Dame Univ., South Bend, Indiana with a B.A. in English and Spanish. I spent the last ten years in Hawaii — on Molokai as a VISTA with the Big Brothers program, and on Maui as a counselor at a youth shelter for runaways and as a part time substitute teacher. My interests include all outdoor activities — especially watersports such as scuba and skin diving.

Mr. Steven Krup

Serving as the English Department Chairperson this year is Mr. Krup. It is a position he enjoys and finds challenging. In his first year at N.D. Mr. Krup taught Spanish and accounting. Mr. Krup prefers English to Spanish because he "can deal with literature." This change is very agreeable with Mr. Krup and he hopes to have a positive impact on the students.

UCR-B.A. '72 in history and Spanish; MBA '77 in management. I teach management courses in the evenings at Cypress College but Notre Dame is my favorite school. I'm a free lance writer who likes to lift weights, hunt, fish, and drive fast cars. I still like rock 'n' roll too!

Mrs. Phyllis Hostetler

As an undergraduate I attended Cottey College, Oklahoma State Univ., and summer programs at the Universidad Ibero-Americana in Mexico City and the Sorbonne, University of Paris, France. My postgraduate work has been at UCR, UCLA, and Western New Mexico State Univ., and this past summer a course in Shakespearean tragedies at Worcester College, Oxford University in England. My hobbies are reading, creative writing, art, swimming, and traveling with my family.

Ms. Linda Tirabassi

I'm a graduate of State University of New York at Brockport. I hold a B.A. Degree in English with a minor in theatre. Have done graduate work in English and special education courses at Cal State Fullerton. I enjoy old movies (Hepburn/Tracy) and music of the '60's.

Math/Science

Mr. Wayne Cochrun

B.A. Degree awarded from Pasadena Nazarene College 1972 major, physical education; minor, speech. Hobby and occupation is coaching football. "I love what I am doing, in my mind I cannot consider it work." I enjoy weight training (although I hate the soreness at first), swimming, body surfing and running on my running trampoline. I like reading, especially western novels and novels about leaders in time of crisis. When I'm not involved with helping my athletes develop during the season and the off season I like to spend as much possible with my wife and family.

Mr. Robert Charpentier

I am serving for the second year as the Math/Science Department Chairperson — a position I find both challenging and rewarding. I earned my Bachelor's Degree in science in 1980 from UCR. After graduation, I continued on at UCR to acquire my teaching credential in 1981. Presently, I am working on a Master's Degree in education at Cal State San Bernardino.

November of 1981 brought me to Notre Dame and I have been here ever since. While at Notre Dame, I have taught three different math courses as well as two science courses. Presently, I'm teaching the Algebra I course as well as the physics class. Additionally I'm also the girls' tennis coach and ski club moderator.

Mrs. Marilyn Downs-Honsowetz

At Stanford I studied a basic pre-med course of studies with a double major in Biology and Psychology. I played in many inter-club and inter-school tournaments and tennis teams and also coached tennis my first two years of teaching. My desire to teach grew out of my enjoyment of learning and sharing what I have learned. It is given me a great sense of worth to be able to have a positive impact (hopefully) on the lives of so many students. On Nov. 3, 1984 I married Lt. William Honsowetz. As many people at Notre Dame have noticed, I am an optimist who loves to laugh and to truly enjoy our God given lives together as children of God.

Mr. Larry Fehrenbach

I find it a great opportunity and pleasure to be teaching at Notre Dame. From my humble background I attained degrees in Economics and History, and have been fortunate enough in the past to have taught at Rim High School and several junior high schools. Prior to discovering my renowned teaching abilities I spent several years learning creative accounting while working as a fraud investigator. My interests include many things such as spending time with my family, and playing shortstop on my softball team. I hope that me and my saddle shoes will be a fixture at N.D. for many years to come.

Mr. Bruce McGowan

1954 born Detroit, Michigan; 1972-5 attended RCC, CSUSD, UNLV; 1976 UCR B.S., Mathematics; 1977-8 Junior High Public School Teacher: Mineral County, Nevada; 1978-9 Substitute Teacher: Anaheim UHSD, Moreno Valley USD, Riverside USD; 1980-5 Geometry Teacher: Notre Dame High School

Sr. Justin McCarthy

I am a member of the Dominicans of Marymount Tacoma, Washington. I received my education at the National University of Ireland, Seattle University, and at the Dominican College of San Rafael. I have taught in schools in Washington, Oregon, and California.

Mr. Bob Meade

I have taught for 36 years, 33 of which were in the San Bernardino City Schools, and three in Our Lady of Guadalupe Schools in San Bernardino. In 1973 I graduated from USC. I was Inland Empire Trojan Club President for five years. My hobbies are sports and model building boats and planes. I have five children, two of which are playing professional sports in Australia. I have four grandchildren, one of whom resides in Sydney.

Languages

Fr. Kris White
French Teacher

Ms. Nannette DelaCruz

I graduated from UC Riverside in 1981 with a Bachelor of Arts. In my spare time, I enjoy playing racquetball and traveling. I am the Spanish I teacher, Director of Student Activities, and the Advisor of the Spanish Honor Society.

Mrs. Bonnie Ferreiro

I am thoroughly enjoying my first year here at Notre Dame as Foreign Language Department Chairperson. The Foreign Language Department has tried this year to increase students' skills in both oral and written language, as well as their appreciation for the culture of the countries whose languages they are studying. The enthusiasm here at N.D. has made my job very pleasant and enjoyable.

I am originally from Long Island where I taught Spanish in public school. I attended Elmira College in N.Y. During my junior year, I participated in Elmira's Junior Year Abroad program at the University of Madrid, Spain. After graduation I taught for a while, then attended Middlbury College and returned to Madrid with their Master's in Spain program. While there I met and married my husband (a Spainard) and taught ESL.

Fine Arts/Business

Ms. Jo Dean Salley

I'm a California native born in Los Angeles. I attended Riverside schools including the *Old* Poly. Ask your parents where that was! Then I was off to UCLA for a B.A. and M.A. in art history. Later, I taught at Ventura Community College and in a Texas University. After I moved back to California, I began teaching at Notre Dame. I've taught art, Humanities, and have been the yearbook advisor! Now Ms. Tucker is the brave yearbook advisor! This year I teach all the art classes and am trying to uphold Mr. Bellah's joke traditon. In this tradition, I offer this joke — "Why do dragons sleep in the daytime?"

Mrs. Leta McGuire

Typing I & II, 1-2-3-4-5-6-7-8; Office Practice, 1-2-3-4-5-6; Shorthand, 1-2-3; Business Law, 7; Senior Dinner Moderator, 5-6-7-8; Swim team Van Driver, 1-2-3-4; #1 B-ball fan, 1-2-3-4-5-6-7, #1 J.V. B-ball fan, 4-5; Award for perfect attendance at Football games, 1-2-3-4-5-6. Pep Assembly Survivor, 1-2-3-4-5-6-7-8. 8 years of laughter, fun, education, frustration, and a few tears, but never a dull moment. Thanx N.D. Student Body.

Ms. Susan Schulte

I hold a Bachelor of Science Degree in Home Economics from California Polytechnic State University at San Luis Obispo in June 1979. My credential work was done at Cal Poly Pomona. In my spare time I like to sew and go camping.

The Gary Peckels Story

I'm an alumnus of Poly High School where I was accorded all state & All-American status. Drafted out of high school by the New York Yankees, I was hit by a train on my way to New York and thus putting a heartbreaking end to my professional career. This may account for the way I look today. I graduated from Cal Baptist College & received my teaching credential from Cal State San Bernardino.

Mr. Greg Wuetcher

I have been the Athletic Director at N.D. for the past two years. It is a position I enjoy and feel comfortable in. I'm an alumnus of Notre Dame, graduating from the class of 1975. My college education includes four colleges — UC Riverside, Riverside City College, Cal State Chico, and Cal State San Bernardino.

I received a degree in English from CSU and am credentialed to teach English and P.E. I've coached basketball for the past four years at N.D. and taught Am. Lit to the Juniors. My hobbies are playing sports and backpacking.

Mrs. Peg Bradley

I hold a B.S. in Physical education from the University of Illinois. I graduated in 1977. I enjoy camping, all outdoor sports, traveling with my husband and playing the guitar.

N.D.	18	0	Rim
N.D.	17	34	Yucaipa

After half time, the Titans are ready for a victory.

The 1984 football season was one filled with high hopes and expectations, however it wasn't without its frustrations. The team received its third new head coach in three years and it lacked in numbers. Despite these setbacks, the team played with great enthusiasm and intensity, accomplishing many of their goals, most important of which was a strong team unity comraderie was visible on the field as well as on campus.

Although Wayne Cochrun was only able to be with the team for two weeks prior to the first game, which was against LaSierra, the team was optimistic. In a close, hard-fought game, the Titans lost 12-7. LaSierra's victory was later forfeited due to an ineligible player. The following week produced an even closer game, before the team finally fell to Hemet 10-8. N.D.'s next opponent was its arch-rival Aquinas. The Titans rose to the occasion, and they defeated the Falcons 7-0, in a defensively dominated game. The Titans next victory was won as they hung in and beat Brawley 12-7. N.D's next game ended in a loss, as central pulled out a 21-17 victory in the closing minutes. The Titans were defeated in their league by Banning 22-15, Bloomington and Elsinore both scores 28-7. However, the Titans came back in their next game against Rim, and thoroughly dominated the Scots both offensively and defensively 18-0. In the final game of the season, the Titans lost 34-17, to the eventual CIF finalist, Yucaipa.

The team overall was not without its bright spots. Some Titans were placed on the All-League team: 1st Team — J. J. Celestine, 2nd Team — David Reynolds, Ricardo Echeverria, Blake Robinson, Bob Nordbeck, and Kevin Kelly. David Reynolds and Patrick O'Reilly were also named All-County Honorable Mention. J. J. Celestine, a junior, was the leading receiver in the county and was named to the All-County Team.

Power-house Greg Ramirez breaks through the defensive line.

The Captains

Leadership was provided by Notre Dame's Five-Horseman Captains. In the Front Row: David Reynolds — Line Backer and Offensive Guard, Curlos Curiel — Offensive Line and Defensive. In the Back Row: Bob Nordbeck — Quarterback and Defensive Back, Greg Ramirez — Running Back and Defensive Back, Patrick O'Reilly — Line Backer and Tight End.

Front: Ricardo Echeverria, Joseph Lopez, Keith Coury, Andy James, Joseph Stallings. Second: Wesley Bash, William Schwab, J. J. Celestine, Ruben Herrera, Terry Sheehan, Paul Medure. Third: Curtis Kelly, Coach Brown, Coach Cochran, Coach Gregson, David Reynolds. Fourth: Brian Wallace, Kevin Kelly, Greg Ramirez, Andre Arnaiz, Gary Arias, Mike Bredemann. Last: Bill Bredemann, Carlos Curiel, Blake Robinson, Bob Nordbeck, Patrick O'Reilly, Mike Battin, Richard St.Rose.

Notre Dame does it ONE MORE TIME!

SKIN IS IN

J.V. FOOTBALL

This year's J.V. team had what is known as a "Charter building" season. The team only had 20 members, broken into 12 freshmen and 8 sophomores. Each player saw much action thereby gaining a great deal of experience. Their overall record was 1-8. There were two real highlights to the season. The first came at the beginning of the season, when faced with so few teammates, the players made a vow not to let one another down. They finished the season with the 20 players they began with. The players can be proud of that! Secondly, in their game against their arch rival, Aquinas, they came out victorious with a 56-0 victory.

The Players decide to settle it fairly.

Team Members: Derik Stephens, Adam Castro, Mike Privia, Dave Johnson, Dave Guzman, Chad Burson, Kirk Correa, Chris Luna, C. J. Antrea, Steve Haynes, Eric Keen, Shawn Kreps, Mike Godfrey, Greg Martino, James Grande, William Reynoso, Carlos Padilla, Erinie Farenhote; Coaches: Brown, Cochran and Gregson.

The Tennis team engineered by Coach Charpentier and his Oriental Express rallied to its most successful season to date in 1984. The girls posted seven wins and eleven losses overall, including a close victory over a most experienced Banning team. Three year veteran, senior Erin Pogue shared team captain duties with most valuable player, sophomore Sharon Fitzpatrick. With six newcomers on the varsity team, all players showed tremendous improvement in their game. Notre Dame can expect great things from this talented group of young ladies!

I got the ball, I think.

Where did that ball go?

Getting ready at the starting line.

This year's Cross-Country team has been a successful and somewhat surprising one. This year's team was a young one. The boys and girls had their good times and bad times. Both the boys' and girls' teams went through many injuries during the course of the season. In the end, though they all came out with their heads high. The boys showed pride and determination by never giving up on themselves. Eric Schuster, a senior, was considered the most valuable player and Shaun Pearson, a sophomore, showed outstanding ability by recording the fastest time. The girls' team qualified for CIF prelims by giving their best performances. From the beginning, the girls had been set on making it to CIF and all their hard work paid off.

Kristina Peters is in the lead.

Shirly Cavsos is having a great run.

Determination. That is what Coach Star Clark had for the the J.V. Volleyball team. This year Norte Dame had a very determined and outgoing team. With only two returning players and the new ones, they grew closer together and added to the development of the team by supporting each other, giving advice, and sharing experience. After all, teamwork will result in rewarding the season.

All huddled up.

Varsity Basketball

This season the Varsity Basketball team worked extremely hard towards C.I.F. Even though they did not accomplish their goal, it brought them closer together as a team and gave them a better sense of what teammanship is really like. Falling short of C.I.F. by just two games (Yucapia an dBloomington) was quite a crushing blow to our Basketball team. One, which they had to learn to accept and go forward from. We should be very proud of our Basketball team and give them all the support we can next year, as they begin their long journey, once again to C.I.F.

J.V. Basketball

This year's Junior Varsity Basketball team underwent two major changes. First, they had a new coach, Coach Levi and secondly several players left to face the new challenges of playing at the Varsity level.

A major change in the Sunkist League was the departure of Perris High School and the addition of Yucaipa High School. This affected our Junior Varsity players very little. In league play the Titans proved victorious in ten out of their fifteen competitions.

In non-league duals the Titans lost by a very narrow margin to Eisenhower High School (34-39) and triumphed over Hesperia (40-26) and Woodcrest Christian (47-26).

All totaled the J.V. team won more than half of the games played, showing true Titan spirit and sportsmanship!

Varsity Wrestling

This has been a very successful season for the Notre Dame Varsity Wrestling team. They kept their dreams and sights high as they pressed on toward C.I.F. With the support of each of the teammates, they made their dreams into reality.

Golf Team

One of the most respected sports in our society today is that sport called golf. In light of this, and the reality of its popularity it was only natural that eventually it would appear at Notre Dame in the realm of competitive athletics. Appear it did! This year our Titans, Captained by Dan Navigato established themselves as an up-and-coming force in their tramping around Paradise Knolls and the Canyon Crest Country Club, seeking the perfect game.

Working in the outfield can be a lonely business.

Togetherness is what N.D. Softball is all about.

More times than not we really do not give enough recognition to our Varsity Softball players. Their talents and hard work are often overshadowed by the Varsity Baseball players. Our ladies train many long, hard hours and try their best to number one in our league.

Many of our players could very well play on the Boy's Varsity team and prove to be equal, if not superior to their male counterparts. Many players (such as Ann Amatulli) have played fantastic ball all four years and their talents will be sorely missed by our Titan team next year. The underclassmen will have to take hold of the reins and continue the fine tradition of N.D. Softball.

J.V. Softball

This year's J.V. Softball team is definitely full of talent. Despite the fact that they are just Freshmen and Sophomores they have proven to be a talented team with a lot of potential. Playing on the Junior Varsity level can be seen as a training ground for playing the Varsity level. When the time comes for our J.V. to play on the Varsity level, they will be well ready for it because of the long hours of practice and dedication they have shown while playing J.V.

Swimming

What are we supposed to be doing?

A swimmer working hard.

This year's swim team is back again with returning coach, and vice principal, Tom Heding. The girls' team is coached by Carol Tucker. Swimming is a sport that is tough. For one thing, you get tired easily and your muscles that you don't normally use are sore. After practice you are stiff and sore. Competition is hard. The swim team owes the season to coaches Carol Tucker and Tom Heding. Notre Dame has been a worthy team.

Track and Field

Contrary to popular opinion Track is not just running. Track is a blend of many events which require different abilities. In addition to running there are events such as the pole vault, long jump, triple jump, high jump, the shotput, and discus which are interesting and whose participants must train long and hard.

As in 1984, Notre Dame has a young team consisting mainly of Freshmen and Sophomores. However, a young team does not mean a week team. Under the guidance of Coach Chris Beierwaltes, Notre Dame has one of the finest groups of runners, throwers, and jumpers in the Sunkist League. Coach Beierwaltes has the expertise and assistance of coaches, many of whom are graduates of N.D.: Ted Lopez (Class of '77 distance and hurdle techniques), Vince Amatulli (Class of '78 shotput and discus), Coach Hutchinson (Class of '80 shotput and discus), Mike Oravets (Class of '84 workout supervision), Coach Lynch (pole vault), Coach Cochrun (weight training), Coach De Meester (workout supervision), and Coach Miller (sprinting techniques and long and triple jump techniques). Many new and talented people, both athletes and coaches, have contributed to make Notre Dame a power to be reckoned with in Track and Field.

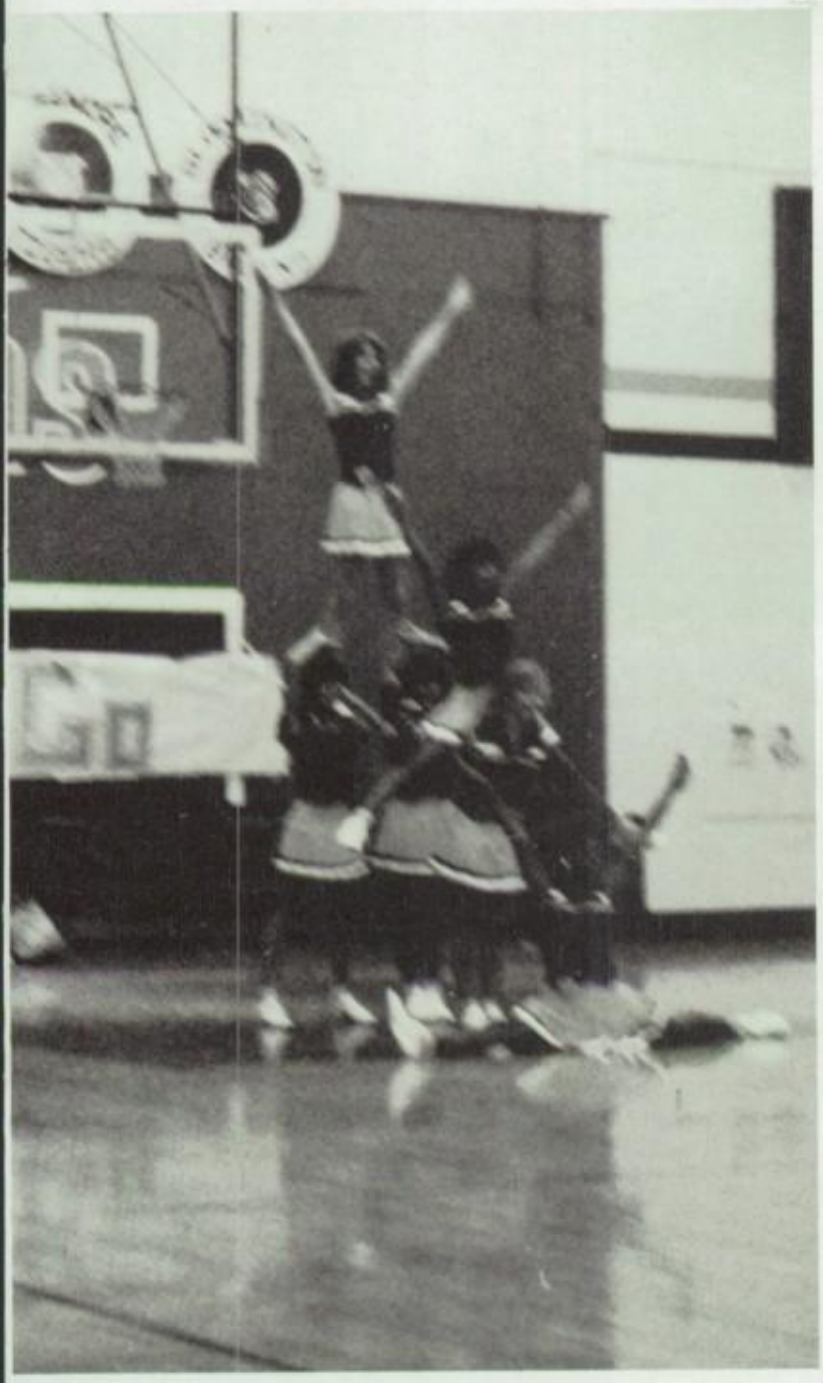
Organizations



A.S.B.

Notre's Dame ASB had done a great job this year in leading and uniting the students. At the beginning of the school year, the ASB hosted the Hello Dance. In terms of Community Service the whole student body participated in holiday programs. For Thanksgiving a food drive was held which helped three different organizations. During Christmas, a program was organized to help a local Boys's Home and money was given to the St. Vincent de Paul Organization for baskets to the needy. To spread Christmas cheer, 45 students went caroling to Parkview Community Hospital, Plymouth Towers (retirement home), and Magnolia Home for the Elderly. In addition to the various activities, the ASB worked with the Freshmen to organize the first annual Talent Show.

Officers: Rebecca Hodde, Patrick O'Reily, Mike Bacich, Greg Anderson, Margaret Kessler.

Writer's Club

This year Notre Dame had a very determined and outgoing Writer's Club. Each member learned valuable skills which will be used throughout their entire life. "True ease in writing comes from the art, not chance." Who knows . . . maybe one member maybe another Shakespeare.

John Purcell and Ana-Maria Spagna congratulate each other on a job well done.

Class Officers

This year's class officers were spectacular! Their dedication, ambition, and hard work sparkled over N.D. all through the year. Each class devoted much time to planning specific school functions and all proved to be tremendously successful!

The Senior class officers Pres. Jim Debevec, V.P. Natalie Johnson, Treas. Maria Pol, Sec. Armando Ybarra, Reps. Scotty Brown, Monica Guiterrez put on the winter wonderland of the Christmas Ball. A special touch was added to the Christmas Ball this year, a new dance floor was purchased for it by the Senior class. This year's prom was sponsored by the Junior class officers Pres. Renato Izquieta, V.P./Sec. William Schwab, Reps. Froylana Heredia, Brian Wallace who organized it at the Disneyland Hotel. January was the month of the Sadie Hawkins Dance sponsored by the Sophomore class officers Pres. Matt Navigato, V.P. Michelle Burns, Treas. Michelle Ridder, Reps. Wendy Fleisher, Tricia Brown. Once again the N.D. country dance was fun for all. During the month of March the Freshmen class officers Pres. Tony Grande, V.P. Cindy Bradley, Treas. Lisa Morrison, Sec. Estella Ramirez, Reps. Greg Martineau, J. Grande along with A.S.B. sponsored N.D.'s first annual talent contest!

The 1984-85 school year was definitely a great success thanks to the fine quality of our class officers and students at Notre Dame!!!

College Bowl

College Bowl enthusiasts at Notre Dame are that rare breed of students who eagerly await the two lunch periods a week which they will spend pondering such essential questions as "What is the capital of Zimbabwe?" It is trivial pursuit on a grand scale and the stakes are high. Moderaters, Mr. Mead and Mrs. Honsowetz must prepare four team members and two alternates for the annual county-wide competition based on the popular game show of the 1950's and 60's. There, Notre Dame challenges fifteen other high schools for the grand prize of scholarships to the University of California.

This year's team, led by veterans Ahmed Abd-Allah and John Purcell, shows great potential for success. The dedicated Juniors and Seniors involved are: Babak Ayazifar, Irena Leigh, Mary Stollenwerk, Michelle Tochtrop, Ana Maria Spagna, Margaret Cooper, Ben Castro, Diane Renteria, Aley Deleon.

California Scholarship Federation

The California Scholarship Federation has become a true part of Notre Dame's spirit, for although at least 3 A's and 1 B are required for admittance into the Federation, the members place their main emphasis upon service. This is shown in the Federation motto "Scholarship for Service". Service projects suggested this year, included participating in a hunger walk, volunteering in the community and visiting convalescent homes, and holding a car wash or bake sale for charity, as well as the usual tutoring which comes with the territory. These activities, initiated by the students themselves were inspired by our loyal moderators Mrs. JoAnne Schaeffer and Mrs. Marilyne Honsewetz, and our officers, President Ahmed Abd-Allah, Secretary Ana-Maria Spagna and Treasurer Sandra Hegedus. Celebrating accomplishments was also allowed, with a Disneyland trip in March, a field trip in May and a proposed Trivial Pursuit Challenge.

"C'MON N.D.".

The 1984-85 Varsity Cheerleading squad.

Every May Notre Dame undergoes process of choosing a handful of individuals to carry out an endearing tradition which is uniquely American. In case you have not guessed by now it's CHEERLEADING.

Even though cheerleaders do not directly compete in our athletic contests, they are an intregal part of them. They help keep our spirits high when the chips are down and keep us rooting when victory is at hand.

Under the guidance of their director, Mrs. Favela the 1984-85 Varsity Cheerleaders proved to be some of the best N.D. had ever had. Spirit is defined as: loyalty and dedication and our Varsity Cheerleaders truly show these qualities.

"Go, fight, win!"

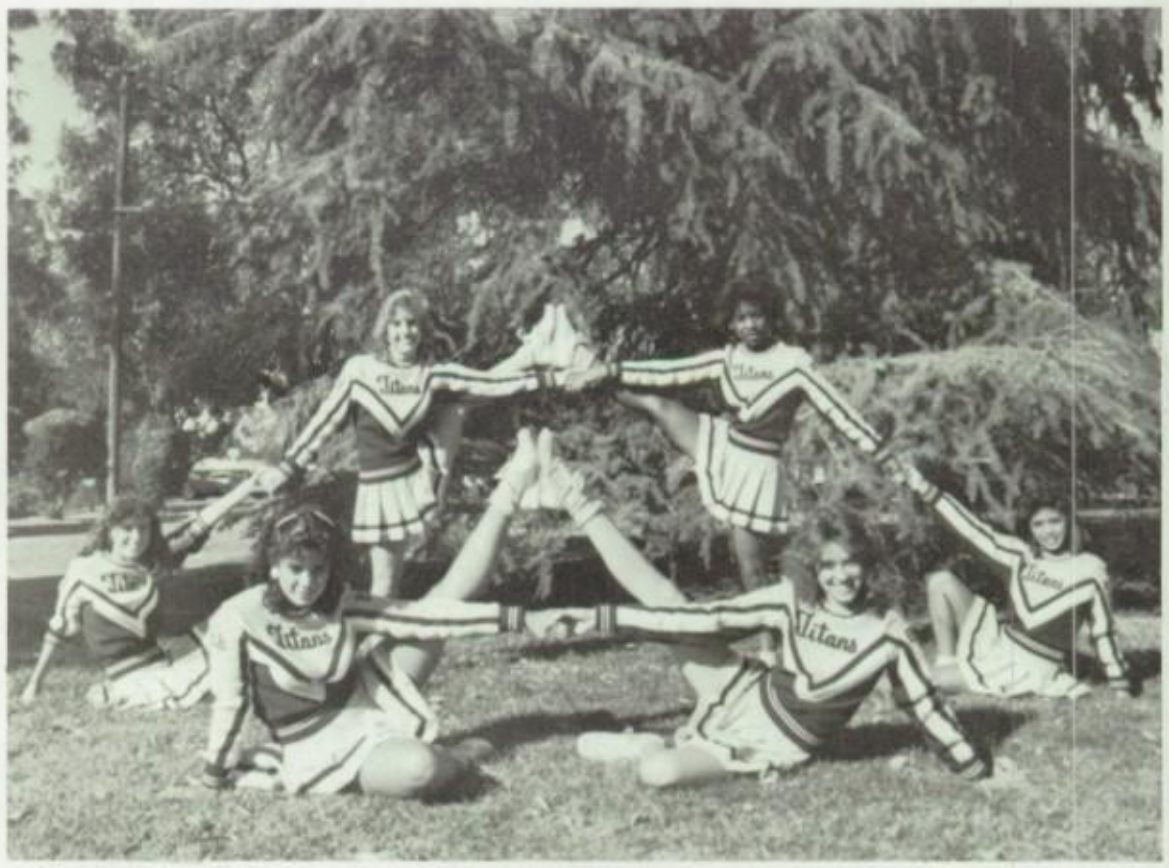
Practice makes perfect.

J.V. Cheer

The J.V. Cheer had high hopes for the future.

Two cheerleaders taking a break.

The J.V. cheerleaders are very busy this year learning new steps and cheering on the Notre Dame sport teams, especially football and basketball. Their enthusiasm and spirit has provided an inspiring performance for both the team members and the audience. Their exceptional talent and dedication prove that their hard and tiring practices have paid off. The J.V. Cheer is a vital part of Notre Dame's pride and spirit.



The J.V. Cheerleaders: Suzanne Farney, Cecilia Gonzalez, Joan Huckabone, Angela Ross, Shannon Lynch, and Yvette DelHaye.

Mascot

Mascot with spirit goodies.

The Mascot, Julie Triola, was very energetic and spirited. She captured the eyes of everyone as she walked around proudly in her Titan costume.

She always had a smile upon her face; she kept the crowds at the football games happy, excited and laughing, even in the times when our team wasn't doing so well.

She practiced hard at her cheers and has shown great enthusiasm throughout the year.

It doesn't seem hard for Julie to make friends anywhere she goes and Notre Dame was proud to have such a wonderful mascot!

Peer Ministry

Headed by Campus Minister Mr. Kevin Summerfield the Peer Ministry group is now in its second year at Notre Dame. It is a group of students who are interested in and truly care about others in their age group. At the beginning of this year the six original Peer Ministers; Kristina Peters, Mary Stollenwerk, Froylana Heredia, Irena Leigh, Adrian Marmo, Renato Izquieta and Mr. Summerfield held a workshop inviting any new members to join. Since then the group has grown three times of what it was last year. So far they have been a successful group and they hope to continue growing in size.

Our determined leaders.

Off to Shefflers. Again?!

Yearbook is a class full of dedicated students who are determined to make the yearbook the best that they can. There is a lot of tension and concern when a deadline rolls around, but they always seem to make their deadlines. At the time of deadlines the whole group pulls together to work as a team. There is a lot of unity in a class such as this. Good Luck yearbook staff, keep up the good work.

Ms. Tucker and her faithful friend.

The yearbook staff of 1984-1985 had proven themselves to be very . . . well . . . huh . . . interesting to say the least. Most of the staff are beginners and are unsure of what they are doing. Being Editor has not been all fun and games either. Without all the help from Ms. Tucker, Mary Stollenwerk and Froylana Heredia I would now be a permanent resident of the funny farm. Ha, Ha.

The making of this book has gone through many difficulties and set backs. We have made it to the end finally, with the help of the hardworking staff.

To my staff — I just want to say thank you for bearing with me through all the rough deadlines and the times of pure chaos, — give yourselves a round of applause. You Deserve It!

Ms. Tucker — I known the beginning of the year started off bad, but look how far we have come in such little time. Sorry about all the late deadlines I know they were a hassle. Better luck next year!

John Stevens I'm real sorry about all our late deadlines . . . we tried to get them in on time. Thanks for your everlasting patience.

Sarah thanks for your help and wonderful ideas . . . they worked great!

Mary — Hey Assistant Editor we made it. Can you believe it?! It is surprising with all of our problems . . . you know what I mean. Heh, Heh. It's been fun working with you on this wonderful masterpiece of ours! You and Froylana have helped me through the good and bad times — and also from going bald. Thanks Ree and Lane. I needed it. Lane good luck next year hope it's better.

I would like to thank all those people who supported our book by buying ads. Oh. I can't forget my MOM. Thanks for putting up with me when things seemed to be going down the drain!

It was great having the chance to be a special part of Genuine Titan Pride of '85. It was an experience . . . definitely an experience that I'll never forget. Thank you for everything N.D. and Good Bye.

HEY, everyone WE DID IT! Good luck to next year's Editor and staff.

Sincerely,
The Editor

Art

This year's art class has undergone several changes, but not to worry, it is still the same crazy class it has always been. Mr. Bellah has left us, but Ms. Sally had carried on the Bellah traditon of those terrible, but funny jokes. Ms. Smalley now has 6 art classes which include Art I, II, II, and IV. She has taken on a big task but we all know she can do it. Good Luck Ms. Sally!

Physical Education

"Ouch!!"

We had an exciting year in Physical Education. We played all types of sports including volleyball, soccer, softball, basketball, and flag football. We also did some weightlifting with the new weight equipment.

"Where's the ball?"

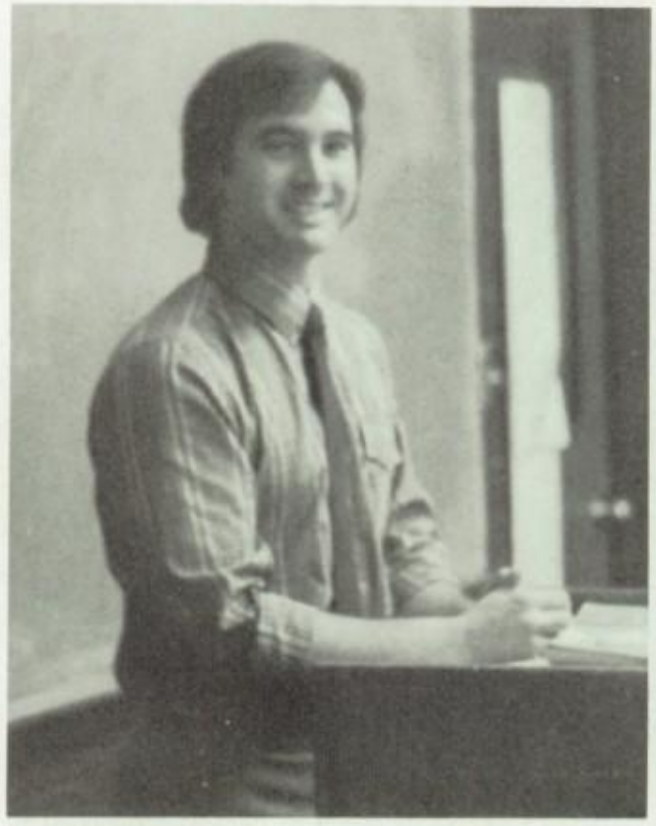
"Here we come . . . again!"

English

At Notre Dame it is required that all students take four years of English. This is basically two years of grammer, one year of literature, and one year of either literature or writing. Books are read and reports are written. It's a struggle, but it's all worth it in the end.

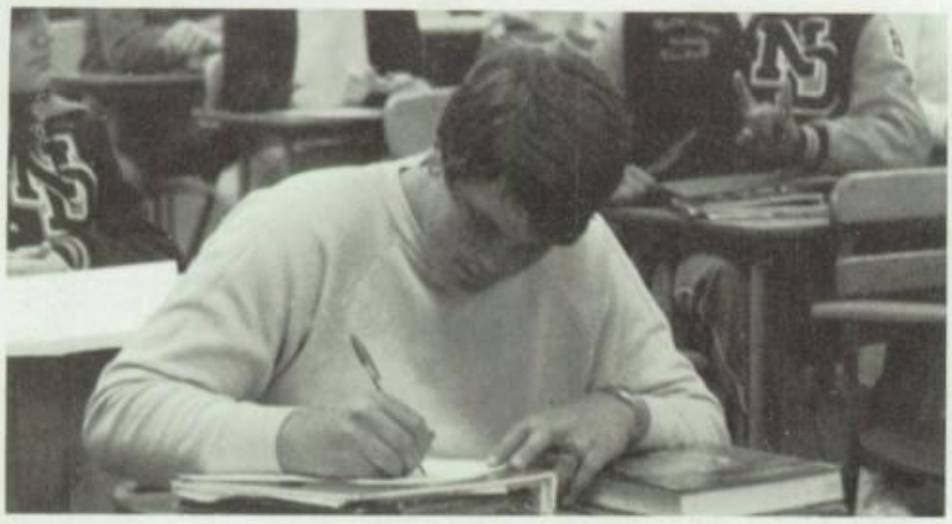


What a day.

I just love this class!

Hey! What's the answer?

Yes, I'm just as thrilled about this as you are.

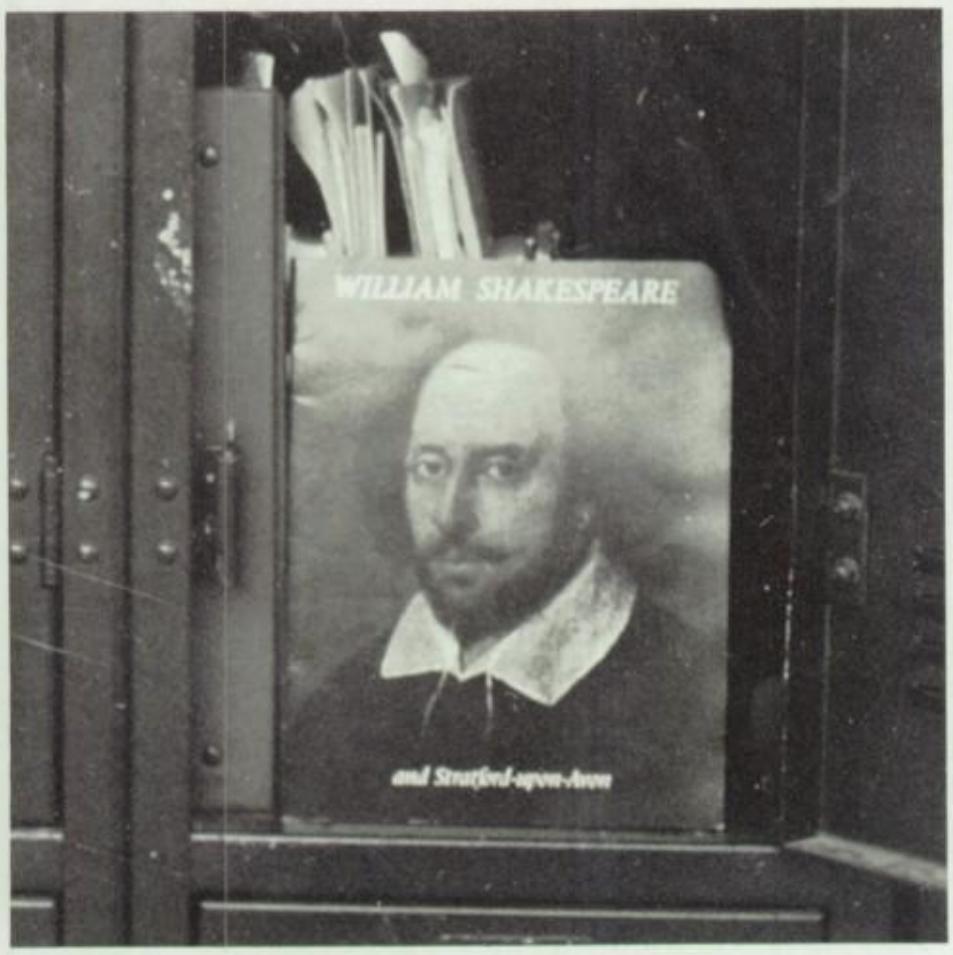


How much more time left?

Show of hands!

A few students have better things to do than look at the camera.

Alas, poor Yoric, I knew him well.



A student's constant companion.

An example of heavy concentration in English class.

Some class this is. Look at all these distractions!

Social Studies

An election year is an exciting time for Social Science classes. From Freshmen to Seniors America's "History in the making" has contributed to the Notre Dame student's increased involvement with national affairs. Straw polls, mock elections, and class debates involved students in the important process of becoming an active citizen. In the World Cultures classes, the Freshmen are discovering people's early development and using this information to discover who we are because of what we were in the past. The Juniors have the pleasure of experiencing U.S. History, taught by Mr. Sheeler. U.S. History is providing the Juniors better insight to the so as to make them more responsible citizens and enable them to think rationally. The World Affairs classes have not only dealt with the election but have also discussed such issues as the famine in Ethiopia and U.S. involvement in Central America. Social problems and the interaction of groups ranging from child abuse to movie ratings are all discussed in Mrs. Favela's Sociology classes. In Economics, the students are learning about the interworking of the free enterprise system. And finally in the Government classes, Seniors not only have been involved in the election but will participate in Youth in Government Day. This activity, sponsored by the Riverside Junior Chamber of Commerce, enables the students' to participate in Government and experience first hand the interworkings of local government.

"People, you gotta get with the program . . ."

"See Teresa THIS was your homework assignment."

Home Economics

Who said sewing was easy?

Cooking can be lots of fun.

Cooking, sewing, money handling . . . these useful skills are all taught in Home Ec. at Notre Dame. Miss Schulte teaches the students how to put their skills to work in making creative works of cooking and sewing. The work requirAs time and patience but the class is useful and fun.

Bachelor's Home Ec., for the adventurous male students, is also offered. They are taught the same things and are just as creative. Most students think this class is great and they can even practice cooking in mom's kitchen!

Languages

To gain acceptance into the U.C. system two years of a foreign language is required. Spanish is usually the language taken. There are four levels of Spanish for those who wish to do advanced work.

Like all subjects Spanish can be quite difficult for some. When all is said and done most look back and are glad they chose Spanish. Well as they say, "Hasta Luego".

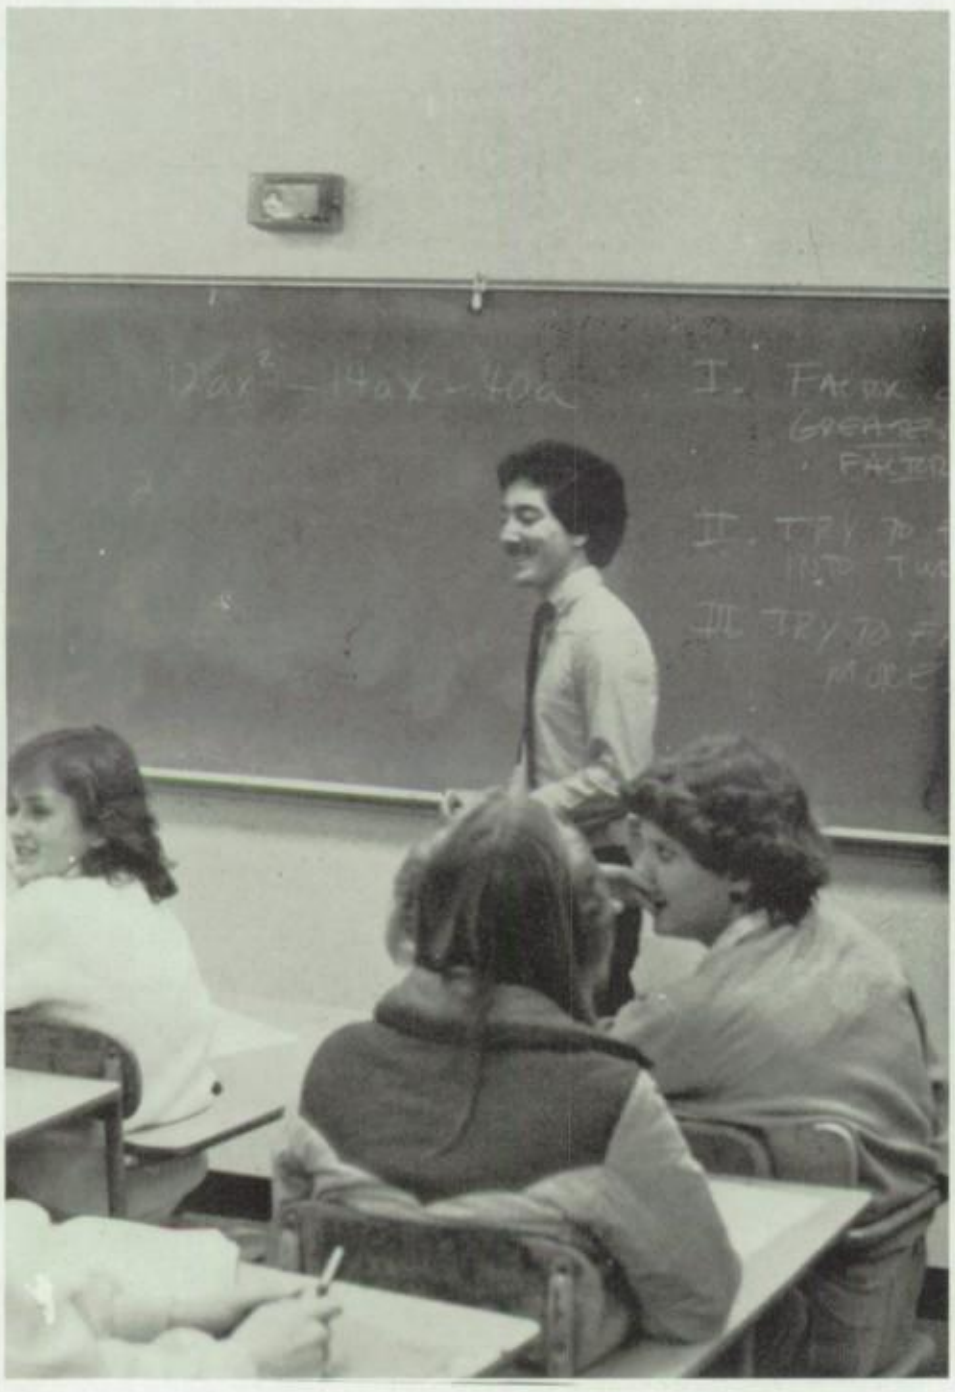
French is a very fun and enjoyable language, yet a never ending challenge to grasp. French not only can help in travel, but can be useful aid academically. To some French is easy to comprehend and learn. However, some find it much more difficult. Despite its difficulties in learning the language, Francais este tres chic!

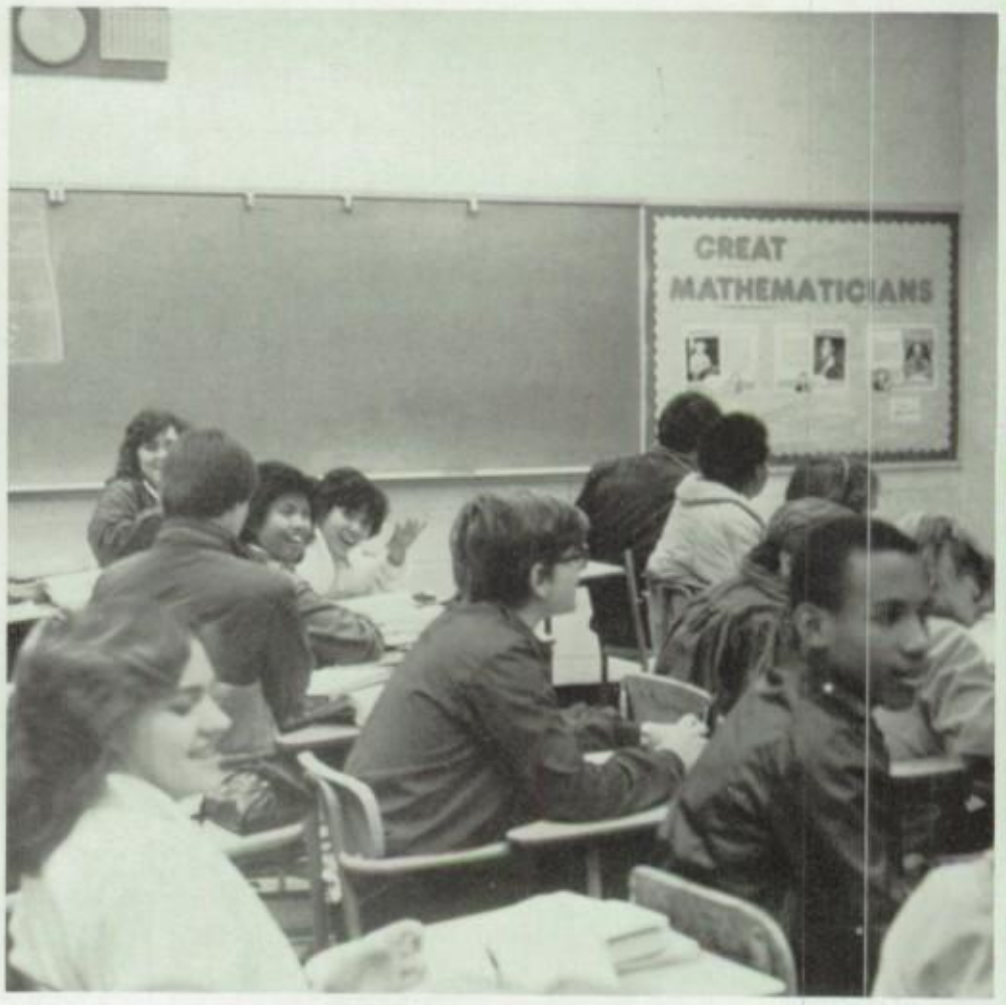
Math

Our Math Department this year has several new and exciting changes. The Honors Algebra II class (04) was added to the curriculum. This advanced class gives those gifted students a chance to excel to their fullest potential. The Algebra I classes are stressing the use of computers in the classrooms. Not only a useful learning tool but it provides excitment for the students. Thanks to the Notre Dame Booster Club, Mr. McGowan's Geometry classes have been provided with a Navigation Unit. This unit includes maps, charts, and protractors. Another change in Geometry is the elimination of the Geometry book. In its place Mr. McGowan has increased the number of handouts. At last count, the number totaled 900 and is still growing!!

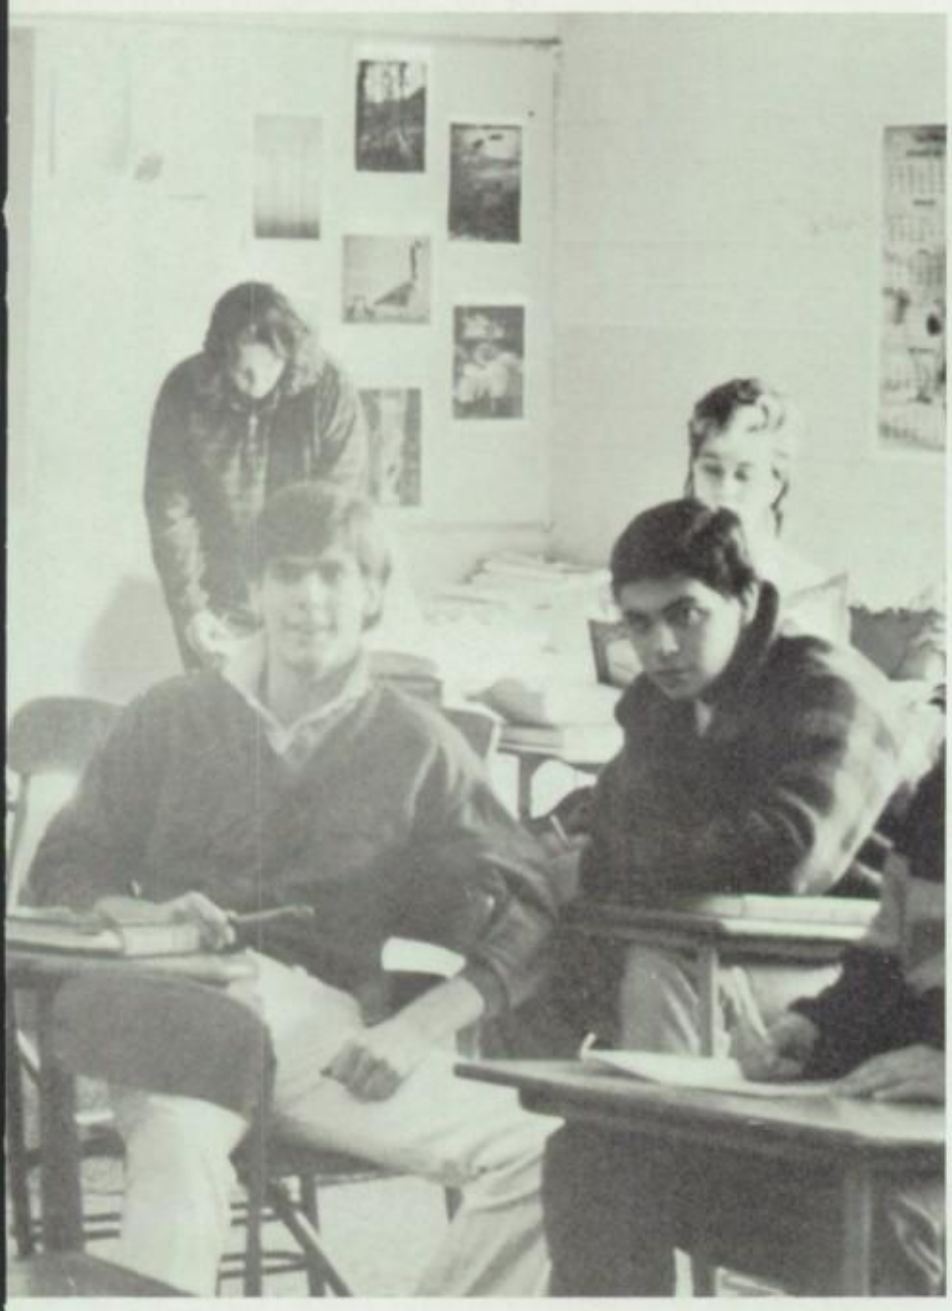
Honors Algebra has Mrs. Honsowetz constantly on the go.



"No a binomial is not a computer key!"



A fun time is had by all in Algebra I.



Dan and Paul are astounded about Algebra II.

Religion

All students at Norte Dame must take four years of Religion in order to graduate. However, not all four years are just about the Ten Commandments and theology. The Freshman course taught by Mrs. Seitz, deals with adolescent development and the Catholic Church. In Sophomore year famous people and incidents in the Church's hisory are studied in the class handled by Mr. Ross. The Juniors learn at length from Mr. Cardenas about morality, and finally in their last year with Mrs. Acosta, Seniors learn about others, their own feelings, and life after high school. Our Religion department is one of the main factors which separates N.D. from other high schools in the area.

Science

The basics of the science courses are known by practically every Notre Dame student. The first class usually taken, in Freshman year is General Science. A smattering of all the other science courses offered this prelude, taught by Coach Cochrun and Mr. Fehrenbach is best known for its homemade rocket-project. In the next year, a student will probably attempt Biology, taught by Mr. Meade. This class comes complete with prelab horror stories of nightmare dissections and they eliminate none of the gory details. Chemistry is perhaps the most notorious of these classes. There are numerous sulfur experiments handled by Sister Justin which result in the classic rotten-eggs aroma. If there is an elite club for science, the Physics class is it. The way is not easy though. These principles of our world are taught by Mr. Charpentier.

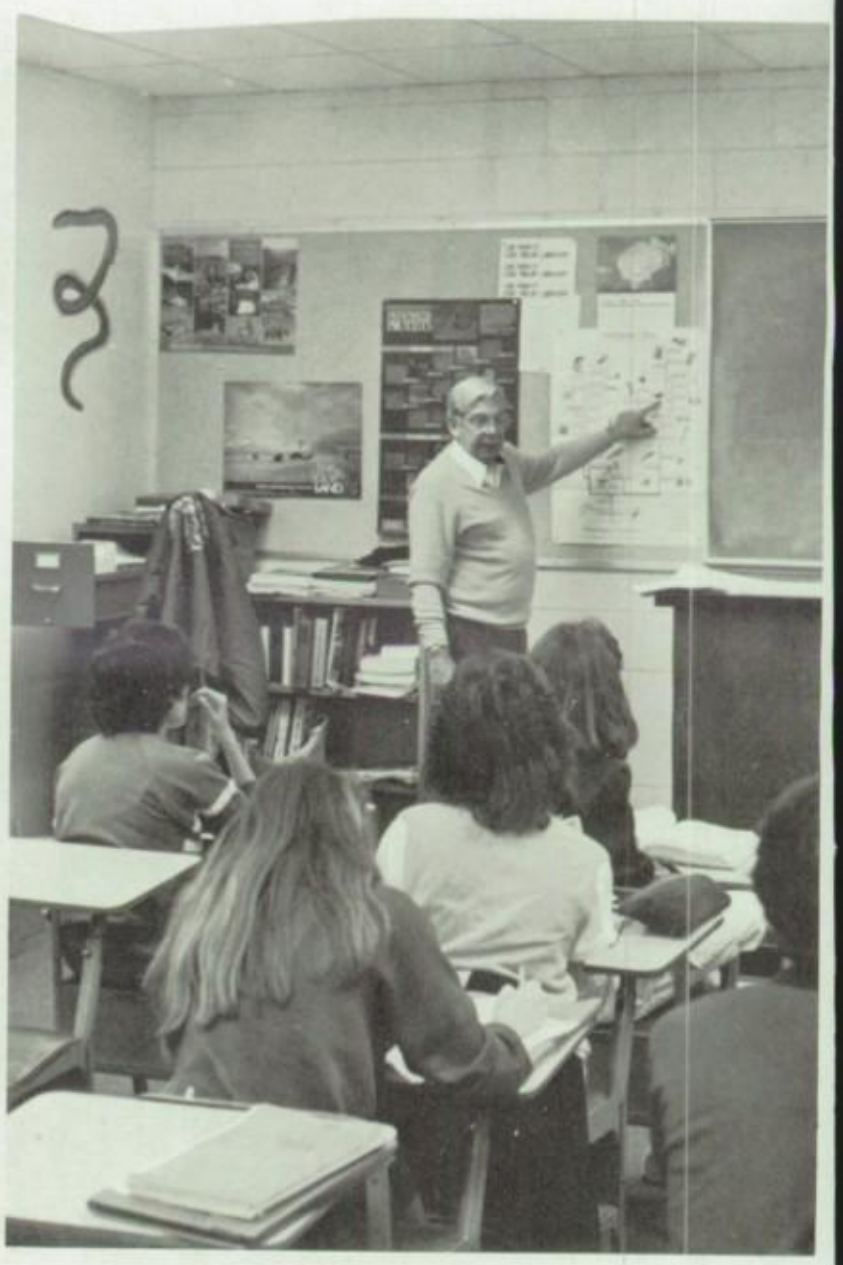
Coach Cochrun demands silence.

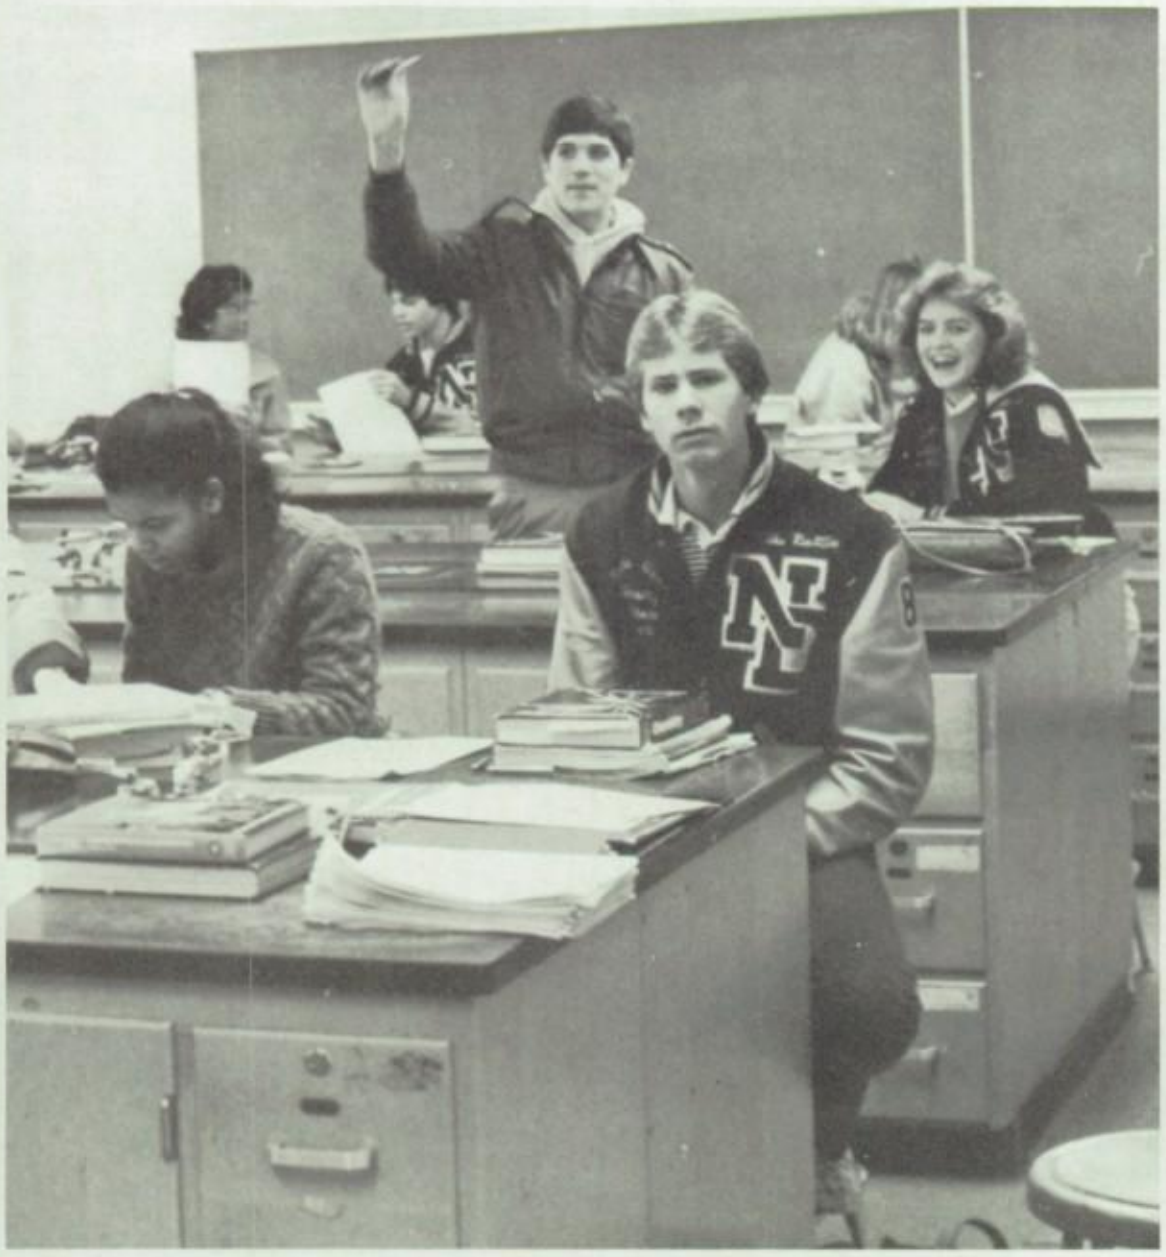
The tree of life is no mystery to Mr. Meade.



Biology is the highlight of their day.

What do you mean, "Pop quiz today?"

A course that any student at Notre Dame will eventually take is one related to science. Next to the staples of the '4 R's' reading, 'riting, 'rithmatic and religion, science is the next most visible subject. One year of a science is required for graduation, but generally at least two years of lab science are taken to satisfy the requirements of the UC system.



Chemistry's chemicals effect the students in different ways.

Liturgies

This year at N.D. the faculty and students both celebrated Liturgy at least once a month. Community prayer at N.D. continues to grow and be innovative in its approach to worship. This year Liturgies were led by various visiting priests, including the October Liturgy in which Fr. Mike White, a N.D. graduate, presided. Students were encouraged to participate in the Liturgies and they responded. In October, the Peer Ministers were commissioned for our school. Pat O'Reilly and Matt Navigato put on a dramatic presentation to illustrate the true meaning of Advent. Liturgy at N.D. is an essential part of its life, and it was celebrated with an emphasis on participating by everyone.
